Pinewood Derby Car Building Workshop – Tuesday, March 17

We will again be hosting a Pinewood Derby car building workshop on Tuesday, March 17 from 5:00 – 7:00 pm at the Manitowoc County Office Complex for youth who need help with their car. Youth can come anytime between 5:00 and 7:00 pm and get help roughing out the shape of the car, however, they will need to take their car home to do final sanding, painting, and assembly.

Pinewood Derby Physics - Saturday, April 4

Aerodynamics, friction, gravity, potential and kinetic energy...what are the secrets to building a fast Pinewood Derby car?

Take advantage of a "Science by Inquiry" program to learn how to make your pinewood derby car fast – or faster! Arrive at the Manitowoc County Office Complex, 4319 Expo Drive, any time between 9-11 AM and plan to stay about 1-2 hours. The program will end by 12:00 PM.

You'll have the opportunity to race your car on the derby track while making improvements to it. There will be stations where you can use trial and error to find the best placement for additional weight, reduce the friction on axles and wheels, and experiment with lubricants. We'll have some basic tools, drills, scales, etc. available for you to perfect your wheels, axles, and weight (you will need to provide your own weights).

If you don't have your Pinewood Derby car finished just yet, no worry. We will have some basic cars available for you to experiment with! Come out and have some fun and get ready for the Pinewood Derby!

Please note, if you were unable to attend the Pinewood Derby Car Building Workshop on March 17, we will also have the tools available on Saturday, April 4 for you to rough out the shape of your car. You will need to take it home to do the final sanding, painting, and assembly.

2020 Tractor & Farm Safety Camp

Does your son or daughter work on a farm during the summer? Do you hire youth to work for you during the year? Do these young people have adequate safety training? Accidents cause more deaths to individuals between the ages of 15 and 24 than all other causes combined. To help reduce accidents, a Tractor & Farm Safety Camp is being coordinated by Extension, Manitowoc County.

The camp will be offered this year at Camp TaPaWingo. Date for the camp is April 24-26. Camp TaPaWingo is located at 915 West TaPaWingo Road, Mishicot, Wisconsin. Cost for the camp is \$265 and

includes lodging, meals, training materials, and 24 hours of instruction.

The camp will focus on the safety aspects of operating farm equipment and daily farm tasks. To complete the course, youth must attend all sessions and pass a written and a driving exam. Certificates will be issued by Extension, Manitowoc County office following successful completion of course.

Tickets \$5.00 in advance, \$6.00 at the door

Includes all-you-can eat pizza, milk and ice cream

Tickets available for purchase at Extension, Manitowoc County, 4319 Expo Dr.

Manitowoc County 4-H Alpaca/Llama Project Meeting

The second meeting for the Alpaca/Llama Project was held on Sunday, February 16. At the meeting, we learned about the alpaca diet as well as how alpacas are scored in competition. We also learned how to put halters on the alpacas and then we began halter training with them. The next meeting will be held on Sunday, March 15, from 1 pm to 3 pm, at London Dairy Alpacas (6827 State Hwy 147, Two Rivers). For part of the meeting we will learn more about showmanship. Please dress for the weather because for most of the meeting we will be working with the alpacas outside. Bring your alpaca/llama project books.

If you have any questions, please call Kevin Stoer @ 920-793-4165.

New Date!! Manitowoc County 4-H Dairy Judging Kick –Off!

Kick off meeting, **Tuesday, March 3rd, 7:00PM**

Room 600 at the Manitowoc County Office Complex, 4319 Expo Dr.

Questions? Call Angie Ulness, coach at 913-242-5725

Competition in Quiz Bowl & Skillathon encourages members to develop a more complete knowledge of animals and related subjects. This contest provides an educational program for all project members, including those who may not own a project animal, and provides a way to develop self-confidence. These programs are a great parallel to some similar programs that breed associations and other organizations conduct.

Registration Deadline: February 21, 2020, 5:00 pm. Registrations must be emailed.

Spice It Up Results!

Last year, Manitowoc County 4-H Clubs collected 87 bottles of herbs and spices to help food pantry shoppers make healthier, tastier meals.

Just so you know, the spices you donated were usually the only spices available at the pantry. We had to limit to one per person. The spices were so popular, we've run out!

Could we try again? If you're interested, click on the following link to a "**Spice it Up**" poster promoting the project. [Spice It Up Drive](#)

Pantries can use herbs, spices, healthy oils, and vinegars. Please try to avoid glass bottles as these can make a HUGE mess if they break.

Contact Laura Apfelbeck, FoodWise Coordinator at 920-683-4170 or a lapfelbeck@wisc.edu

Thank you so much for your assistance.

Order Your Pinewood Derby Car Now!

Manitowoc County 4-H will be holding their 10th annual Pinewood Derby competition on **Thursday, April 16 from 6:00 - 9:00 p.m., at the Manitowoc County Expo Ice Center**. What is a Pinewood Derby? Youth take a block of wood (7" long by 1¾" wide by 1" high) and they cut, carve, whittle, and sand it into the shape of a vehicle. They then add two axles and four wheels and race it down a 42-foot aluminum track. There is no motor to power the car, the track is elevated at one end and gravity pulls the car down the track. The car's speed is dependent on two factors – air resistance and friction.

The Pinewood Derby fits well within the 4-H program and it is a great way to engage youth of all ages in a project that involves science, technology, engineering, and math, as well as creative design. At the event, trophies will be awarded to 1st, 2nd, and 3rd place finishers for each age division and trophies will be awarded for the best finished cars (Best of Show) and the slowest cars (Best Fuel Economy). Age divisions for the Pinewood Derby are: Cloverbud (Grades K-2), Elementary (Grades 3-5), Intermediate (Grades 6-8), Senior (Grades 9 – 12), and Adult (must be related to a 4-H member).

Car kits must be purchased through the 4-H program, and they are \$5.00 each. Payment for the cars will be collected at your 4-H club meeting and cars can be picked up at your club meeting. Please order your car by January 17 if you would like your car at your February 4-H Club meeting. You can also pick-up your car at our office. Please order online and then call ahead before you come to our office to make sure your car is ready for pick-up. Car orders will be accepted and filled over the next several months. We will be announcing dates for our annual Pinewood Derby Car Building Workshop and Pinewood Derby Physics Day in the next few weeks.

To order please complete the following Google Form - [Pinewood Derby Car Order Form](#) _
